JC launches JC (ACE) – "the no.1 denim destination for a fashion-forward lifestyle with the best brands first"

ATTRACTION

It's all about attraction. We do not sell. We get people to buy.

We attract the most demanding customers out there. We do it by being inspiring. We do it by carefully selecting the small details, the exclusive products and with a unique service.

It's all about an inspiring lifestyle. We inspire with a unique experience in the store, with an attractive interior design and with staff that is known for their extensive knowledge of modern lifestyle brands.

Therefore, JC (ACE) is all about the presentation. And the presentation is stripped down. It's cool. It's confident. It's focused and distinct. It's artistic. But still very close and personal.

The essence of a modern lifestyle.
